Praise

Here is what participants thought was most beneficial from the seminar:

"My thoughts have to stop to hear what my mouth is saying."

"I can change my mind to believe the truth of the word."

"We can run the race with God on our side."

"Who I am and what I need to do."

"The dream, vision, mission charting was excellent!"

"I was encouraged to continue with revising and reevaluating our ministry vision statement."
